MEMORANDUM FOR: The Honorable Gerard C. Smith  
Ambassador At Large  
Department of State

FROM: Deputy Director for National Foreign Assessment

SUBJECT: Request for an Assessment of Foreign Reactions to US  
Non-Proliferation Laws and Initiatives

25X1 I have directed [ ] National Intelligence Officer for  
Nuclear Proliferation, to take charge of producing an assessment that is  
responsive to your request by mid-December. I understand that he has already  
been in touch with your staff concerning particular issues that need to be  
assessed. Given the range of US concerns with foreign reactions to US non-  
proliferation policies, I plan to make this assessment available to  
interested policymakers in other offices and departments.

NOTE TO: Robert Bowie

FROM:

SUBJECT: Intended Scale of Response to Amb.  
Smith's Request

I have discussed this project with leading nuclear energy analysts in ORPA, OER, and OSI and plan to form them into a production team. The drafting is to be done primarily by a

shelf or in the pipeline. The key people welcome this request as an opportunity to pull together many bits and pieces of analysis that do not seem to have been fully appreciated by policy-makers. Appropriately disciplined, the small incremental effort required by this project should yield a product substantially more valuable than the sum of its parts. A two-man month effort has been contemplated.

NOTE TO: Mr. Bowie [redacted]  
FROM: [redacted]  
SUBJECT: Preliminary/Response to Ambassador  
Smith's Recent Request

[redacted] asked me to prepare your response to Ambassador Smith's recent request. I drafted the attached memorandum for that purpose. Please sign or modify it as you see fit.

I have been discussing this project with Western European analysts in ORPA and intend to engage other regional analysts as well as economic and scientific specialists in the attached assessment. I would be glad to discuss with you the approach we will be taking in this venture.
